

## Our President's Message

Dear HMC Residents,

As PCS season begins to wind down, I am reminded of the feelings that go along with moving to a new duty station, adjusting to new neighbors, taking on a new role, and trying to find a sense of connection and community. The unique challenges and sacrifices of military families inspires us to continually improve our service delivery at Hunt Military Communities.

During September we will have several community-wide focuses. The first is Suicide Prevention Month. This month we will be hosting several speakers and sharing important educational materials on this most important topic. On average, 22 active or retired service members take their own lives each day, and unfortunately I know this pain too well having lost several of my Marines to suicide. We can help those in need by learning the warning signs and the appropriate resources available to help service members in need. Please look at the schedule of events you can attend and help us make mental health a priority for our military families.

The other notable event is the anniversary of 9/11. In memory of those who lost their lives and those whose lives are forever changed, we will be hosting Never Forget Walks in each of our communities. Additionally, we will have an opportunity for children to write a 100-word essay on "What It Means To Be A Patriot," to help them grasp the selfless commitment of their family service member. More information to follow on both of these important events. We look forward to your participation. Thank you for allowing us the opportunity to serve you.

# OMC AC Efficiency Tips

August and September tend to be the warmest months of the year here in Hawaii so we need to work together to conserve electricity especially during these peak usage months. Small actions can make a big difference.

One of the easiest ways to conserve electricity is to set your air conditioner thermostat to at least 75°F and close windows and window blinds while the air conditioner is operating. Or, especially on cooler, breezy days, just turn off your air conditioner. Open your windows and blinds to allow Hawaii's celebrated trade winds to provide cool, fresh, and clean air for your home.

Save as much as 10% of energy usage by turning back your AC thermostat for 8 hours a day from its normal setting, and replace your AC filters regularly to increase efficiency by up to 15%. Also, make sure your solar hot water heater timer is set correctly.

If you need help, your Maintenance team is here to assist you!

## Maintenance Corner

What do you do when you notice that your toilet is leaking? Before even calling your maintenance team, you should turn off the water valve.

This ensures that the leak is not causing more problems while maintenance heads your way.

Simply rotate the shutoff valve located at the back of your toilet to the left until it stops turning.

To submit a work order, you can call your RSO or maintenance at (808) 839-4357. You can also submit a work order through the Hunt Resident Application.

# 75th Aloha Festivals 2021

Make sure to get into the Aloha mood this September by participating in the Aloha Festivals. This is a special time on Oahu to celebrate our cultural traditions, diverse regional cuisine, and musical heritage.

The week is started with the Royal Court Investiture, complete with Hula and pageantry. The largest annual block party and the traditional Floral Parade celebrate and demonstrate our unique culture. Find new ways to show the Aloha spirit this week and enjoy our never ending summer!

## RSO Corner

Welcome to September!

Summer has ended and school is back in full swing . As a reminder please , do not use the leasing office parking lot to pickup children after school.

We have quite a bit of traffic and want to make sure that your children are safe after their long day at school.

Mahalo for being a valued resident, we appreciate you!

*With aloha,*

*Ohana Military Communities*
